

## Fall 2019 English Workshops

The Learning Commons Professional Tutors in English are excited to offer workshops this semester. Our aim is that all students, regardless of their specific courses or writing assignments, will benefit from workshops that reinforce foundational principles of grammar and mechanics and research skills for writing assignments. Each 1-hour workshop will consist of a brief review of the material, opportunities to practice and ask questions, and time for students to apply these principles to their own work.
